[The postmistress](#) by [Sarah Blake](#)

It is 1940, amid the back-drop of War War II, two extraordinary women from different worlds are each faced with a moral dilemma. Both are in possession of a life changing letter intended for the same person. Yet one woman, the postmistress of the tiny Cape Cod town of Franklin, Massachusetts, reads it and pockets it; the other, an American radio journalist covering the London blitz and determined to spread news of the war to the rest of the world, wonders when to deliver the letter ... or if at all.
